THE COACHING

The coaching curriculum is designed and delivered by Chelsea FC Foundation, one of the world's leading football, education and community programmes. The camps provide an insight into life as a young player at Chelsea FC and are tailored to challenge players at their age and ability level. All players get to experience a training day at Chelsea's Cobham Training Centre where the Academy and First Team train, giving a real taste of life as a Chelsea FC professional.

FOUNDATION

JUNIOR CAMP (AGED 9-12 YEARS)

ON THE PITCH

Young players learn to master the skills and techniques needed for each position in a fun and engaging environment.

The curriculum focuses on Chelsea's fast, attacking style of football and each day is themed on a different Chelsea First Team player. Coaches support player development with challenges, drills and games where players can experience progress.

OFF THE PITCH

Young players consider football off the pitch, looking at the qualities of players in Chelsea's first team. Discussions, games and workshops on team tactics, nutrition and mental preparation introduce players to life as a Chelsea professional in an accessible and interesting way.

SENIOR CAMP (AGED 12-17 YEARS)

ON THE PITCH

Senior players should expect high-intensity training that challenges their understanding of tactics for every position on the field. Players improve through a combination of coaching, skills challenges and small-sided games. Tailoring the training to the players' individual level, coaches encourage self-reflection and analysis to identify strengths and areas for improvement.

OFF THE PITCH

The senior camp gives players a realistic insight into life as a Chelsea player. Workshops look at the lifestyle choices of young players and focus on professional approaches to training and games, including physical and psychological preparation. Players learn constructive self-evaluation, which forms part of their individual coaching report.

GOALKEEPERS (AGED 12-17 YEARS)

Specialist goalkeeper coaches focus on specific goalkeeping skills in one technical session each day. Goalkeepers join outfield players for other sessions to further understand gameplay situations.

ENGLISH

12-13 hours a week of classroom-based lessons

Suitable for all English levels, except for native speakers

The English curriculum is based on the CLIL approach used in top schools worldwide and is designed to enhance students' use of English in football and the wider world. Teachers live on-site and all our staff create an immersive English environment by ensuring students communicate in English throughout the camp.

On the first day, students take an English test and are divided into CEFR level classes within their age group, ranging from A1 to C2 (beginner to advanced). The curriculum is specially designed for these Chelsea FC Foundation camps. Teachers cover both general English and topics relating to Chelsea FC. Using the topic of sport engages students with a common interest in the classroom and equips them with useful vocabulary for their coaching sessions. Our lessons are fun and interactive, using a combination of traditional classroom techniques, active participation and project work.

At the end of each week, students get an English progress report and completion certificate, along with advice from their teacher on how to continue improving their English at home.
